are presenting

Held at: Utah Peace Officer Standards and Training
410 West 9800 South Sandy, Utah 84070
December 18, 2020 8:00am-4:00pm

DE-ESCALATION AND SMARTER POLICING: WINNING STRATEGIES FOR LAW ENFORCEMENT

Register at: [De-Escalation and Smarter Policing](#)
or at: www.on-targetsolutionsgroup.com

Who should attend: Sworn police officers from the rank of Chief of Police/Sheriff to police officers and deputies. **This course is taught by active/retired chiefs of police.**

Nothing is as important to government services as the relationship between law enforcement and the public that is served. Recent inflammatory actions and news stories have had a severe impact and the perception of law enforcement. Agencies and individual employees must understand their role and that every action and statement that is made reflects on the profession as a whole. This training will focus not only on individual employee attitudes and beliefs, but also organizational concepts that either enhances trust or perpetuates a lack of trust with the communities that are served.

Topics Include:

- The concept of fair policing it applies to law enforcement authority;
- Understanding how time, space and cover aid in the de-escalation process
- Safety in escalating encounters
- Expectations of the public and law enforcement
- Civil and Human Rights
- De-Escalation Techniques
- Increasing public satisfaction in law enforcement
- The concepts of Procedural Justice
- Cultural Competency

Comments from Utah attendees:

"Great course. I wish more officers would take it to see the bigger picture. Very knowledgeable on the subject. Actual use of real-life situations."

Cpl. Katherine Champi, Weber County SO

"The content was clear, direct, understandable, and applicable. I appreciated all of the videos and examples used to help us better relate the principles."

Kaley Zenger, Salt Lake County SO

"The instructor included me as a corrections officer (I was the only one in the class). I was able to draw similar situations from what the instructor illustrated."
