Crime Scene Photography: Essentials

Register at: Crime Scene Photography: Essentials
or at: www.on-targetsolutionsgroup.com

This course would be applicable for: This is an immersive two-day fundamentals course is designed to maximize the use of your equipment for recording court admissible photographic evidence. Focused toward personnel wanting to expand their introductory awareness or desiring a basic equipment refresher, while simultaneously learning proven techniques for photographing crime scenes.

Crime Scene/Evidence photography is a learned, specialized and supplemental form of investigative case reporting. Acquired photography skills will often result in recording critical scene conditions or details that official written reports may not comprehensively describe.

Attendees should bring available camera equipment including any accessories for in-class hands on familiarization. Course materials are directly focused on using cameras that have adjustable-manual setting - internal menu options.

Topics Include:

- Equipment Selection Options
- Equipment Familiarization
- Manual Settings Photography
- Exposure Adjustments
- Supplemental Lighting
- Overcoming Obstacles - Tips & Tricks
- Comprehensive Documentation Protocols
- Participant Perspective Inclusion
- Impression Evidence Recording
- Tripod Applications
- Appropriate Use of Scales
- Mapping & Use of Photo Markers
- Analysis - RAW File Format
- Court Admissibility Aspects
- Usable Reference Material Resources

Your presenter: R.P. "Rusty" Sullivan's on-going 40 year law enforcement sworn and civilian career continues to build upon 20 years of accumulated full-time forensic practitioner/supervisor assignments. He has served as the President and Chairman of the Board of the Illinois Division of the International Association for Identification. He has over 18 years of presenting in this field and has provided annual state level forensic training conferences and workshop(s) and is a court recognized expert in the forensic sub-disciplines of Latent Fingerprint and Digital Data Recovery. Rusty is currently working as a civilian Forensic Investigator (CSI)/Mobile Digital Device Analyst and has served on large and mid-sized agencies, having a multi-year assignment to Major Crimes Task Force evidence team as well as management, supervisory and front-line evidence experience in high profile and complex investigations.
